

Hi Humaniser! Moment

What We Are Practicing

A simple way to keep
the team's current ritual
visible and alive.

***Small habits shape
how teams work
together.***

How to run this HH! Moment (1-3 minutes)

When to use it

At the start of a team meeting. It takes 2 minutes and keeps the team connected to the habit they are currently practising together.

How it works

- Remind the team of the ritual currently in focus.
- Read the ritual out loud or show it on the screen.
- Invite the team to notice where it might show up in today's work.

Why it helps

When habits stay visible, they are more likely to stick. A quick reminder keeps the ritual alive and helps the team practise it in real situations.

Tips

Keep it short and natural.
This is not a discussion, it's just a gentle reminder of the habit the team is building together.
