

Hi Humaniser! Moment

Weather Check

This moment helps teams build awareness, connection, and better collaboration, before the work even begins.

*Small habits shape
how teams work
together.*

How to run this HH! Moment (3-5 minutes)

When to use it

At the start of a team meeting, stand-up, or check-in, especially when the team has been under pressure or moving fast.

How it works

- Show the Weather Check slide.
- Ask everyone to choose the weather that best reflects how they're arriving today.
- People respond through a quick **anonymous poll**.
- No explanations required, unless someone chooses to share more.

Why it helps

A quick anonymous check-in helps teams understand the energy in the room. It gives leaders and teams a simple signal of how people are arriving, without putting anyone on the spot.

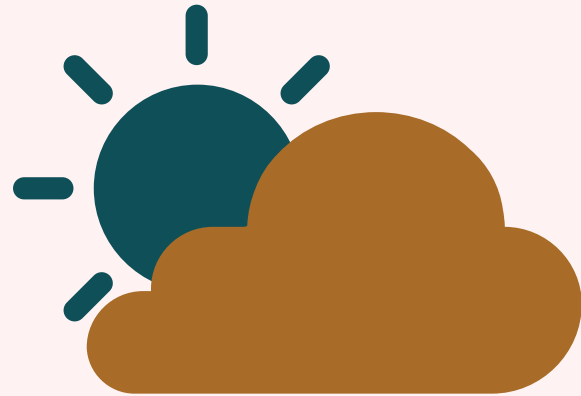

Tips

Keep it light.
The goal is awareness, not analysis.
