

CHAMPION ROLE

Champions guide small, practical actions that keep the team aligned, focused, and moving forward, not as something extra, but as part of the work itself.

What does a champion do?

- **Set up the team** - Make it easy for people to take part. Keep the team structure clear and accessible.
- **Guide the team cycle** - Help the team focus on what matters, and keep momentum through team cycles.
- **Lead by example** - Take part, bring it into the work, and show how it fits into everyday conversations.

WHY THIS ROLE MATTERS

The Champion helps the team stay on track when pressure builds, so work feels better and performs better.

WHAT IT LOOKS LIKE IN PRACTICE

- Bringing a ritual into a team meeting
- Sharing a reflection on what's working (or not)
- Using a prompt to reset a conversation
- Connecting with other teams to learn and improve
